

The Greater Buffalo United Accountable Care Organization (GBUACO)

Job Title

Data Analyst

Job Location

The Greater Buffalo United Accountable Healthcare Network (GBUAHN)

564 Niagara Street, Bldg #2

Buffalo, NY 14201

Job Description

The Data Analyst will have data management, analysis and reporting responsibilities. The Data Analyst should be proficient in Microsoft Office and have some experience working with Tableau (Preferred). These two platforms will be actively used to retrieve the data and transform the information into a concise, easily understood presentation. These presentations will then be used to help GBUACO, as a whole, achieve their goals as an organization.

Primary Responsibilities

Compile, interpret and analyze health care data – this includes both medical data and financial data.

Actively look for areas of improvement within the data set.

Develop reports.

Create presentations of the data and present it in a meaningful way.

Qualifications

Bachelor's degree in Mathematics, Statistics, Healthcare Administration, or related field.

A two – three year working experience in a research, data analysis, or business analysis role. (Preferred).

Tableau Software Experience (Preferred).

Job Type

Full-time

Monday – Friday: 8:00am – 5:00pm

Salary

\$50,000 - \$60,000/year

Benefits

- Paid time off
- Health Insurance

- Other types of insurance
- Retirement benefits or accounts
- Employee discounts
